DETAILED ACTION

This is a response to the Applicants' amendment submitted on August 22nd, 2005. In virtue of this amendment:

- Claims 5, 14-15, and 19 were previously canceled;
- Claims 17-18 and 20 are canceled upon the amendment; and thus,
- Claims 1-4, 6-13, and 16 are now presented in the instant application.

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The Examiner has made the following amendment to correct Fig. 1 (which is submitted on May 9th, 2005) for clarity:

Fig. 1, inside box [14], --POWER FACTOR CORRECTION CIRCUIT (PFC)-- has been inserted; and

Fig. 1, inside box [12], --SELF-OSCILLATING INVERTER/STARTING CIRCUIT-- has been inserted.

Allowable Subject Matter

2. Claims 1-4, 6-13, and 16 are allowed.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

Prior art fails to disclose or fairly suggest:

Art Unit: 2821

- A lamp inverter starting circuit comprising an input portion that receives the bus voltage signal, wherein the bus voltage signal ranges up to 390 V, and a voltage controlled start-up portion that delays triggering of the inverter starting circuit based on the input bus voltage signal, in combination with the remaining claimed limitations as called for in independent claim 1 (claims 2-4 and 6-10 are allowed since they are dependent on claim 1); and
- A method of firing a lamp comprising overcoming a breakdown voltage of a diac by ramping the bus voltage up to between about 300 V to about 500 V, turning the diac conductive when the charged capacitor reaches the diac breakdown voltage, in combination with the remaining claimed limitations as called for in independent claim 11 (claims 12-13 and 16 are allowed since they are dependent on claim 11).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Remarks on Drawings

Upon reviewing the record of the file, the acceptance of the drawings Applicants submitted on April 18th, 2005 as indicated in PTOL-326/Part of Paper No. 07252005 is hereby withdrawn.
